

SUJAYA FOUNDATION

SUJAYA FOUNDATION

ANNUAL REPORT 2012 - 2013

◆ Note from Managing Trustee ◆

Sujaya Foundation started in 2002 is now in its second decade. Our mission is to bridge the linguistic and digital divide in India through Education.

We continue to work in three core areas: enhancing the educational experience for school children; giving basic computer and English speaking skills to youth aspiring to get jobs in the new global India; creating livelihood opportunities for the mentally and physically challenged.

The foundation, along with its team, trustees, volunteers and supporters continues its work and has now expanded to ten villages in rural Maharashtra in partnership with Suraj Foundation.

The foundation plans also to work in parts of rural Karnataka and Rajasthan by bringing quality content and infrastructure to schools catering to the underprivileged.

We would like to thank Global fund for Children; State Street Foundation; Tata Motors, Deutsche Bank, HDFC Bank, ICICI Bank, Clear Concepts, NSEIT and many more partners for their continued support.

In Mumbai we continue to work with The General Education Institute - Chabildas Lallubhai Pre Primary & Primary School (Dadar), The General Education Institute - Kurla School, HariHara Putra Bhajan Samaj (Chembur), Tardeo Municipal School (Tardeo), Bandra East Community Centre (Bandra).

The foundation also continues to support: Eradication of TB programs; government school support programs; needy infrastructure and research projects

The coming year's focus:

SEAL – Sujaya English Active Learning is going to be this year's focus. We have worked on creating content which focusses on both schools curriculums as well as spoken English along with being fun. This is on an interactive open source learning management system. We hope to take this to areas outside Mumbai where accessibility to good teaching and learning is often difficult.

The foundation is also focusing on mental health and awareness. With the economic face of India rapidly changing, we believe there is gap in the education system with respect to adaptability to a rapidly changing society. The foundation plans to work in the area of mental health infrastructure, diagnosis, treatment and rehabilitation

Thank you all for continuing to share this journey with us

Warm regards
Neelambari Store Rao

About Sujaya Foundation:

Sujaya Foundation was started in 2002 working with municipal schools. 11 years down the lane, we now have expanded to a variety of activities, all in the attempt to make a difference for children who do not get the opportunity they deserve to excel. We also work with youth with different abilities in an attempt to help them become financially independent.

In the financial year 2012-13, we worked with 1903 beneficiaries (Previous Year 1038 beneficiaries). In this year, we have added two more schools to the School Support Programme totaling to 4 schools. One of the programme has been implemented in Kurla, General Education Society's Primary School. The other initiative has been started to help the rural population with a Zila Parishad School at Aurangabad. We thus enhanced the impact we are trying to bring about.

Our Vision

The aim of the Foundation is to provide education to the under-privileged by incorporating the best pedagogical practices at an elementary as well as an advanced Level. The Foundation attempts to bridge the gap for its students between education and employment.

Our Mission

Give underprivileged children and youth an opportunity to launch them into the dignified and bright future they deserve. We bridge the digital and linguistic divide through Education. We teach underprivileged school-going children Mathematics, Science, English and Computers; as well as English and Computers to underprivileged youth, giving them a much needed equal opportunity boost.

"The only way to change any community via Health & Education ."

With this belief we started working with the following schools:

Objectives of the school programmes:

- To create and sustain education supportive environment and to encourage the learners in oral English.
- To generate easy spoken english techniques within all student communities (especially for those who do not have the enough opportunities and access to quality education).
- To involve guardians in educational and extracurricular activities so that they can also feel free to talk with us about their concerns and issues related to their children.

Dadar School:

Sujaya Foundation is working with GEI Chhabildas Girls & Boys High School. We help students from Nursery to class VIII teaching English, Maths and Computers before and after school hours.

We teach the primary and secondary sections English, maths and our interactive Computer program SEAL (Sujaya English Active Learning Program). Classes for students are held for a duration of about 4 hours.

Along with teaching, we also have a lot of extra curricular activities at the schools like yoga, music, dance, art & craft, sports, etc. These activities are designed according to the topics covered in the week. For example: If a class is taken on the subject of "Gandhiji", we teach children how to draw an image of Gandhiji in art class.

Tree Room (Library): Tree Room has been designed to help the students to perform better in the outside world. Various activities are taken in the Tree Room relating to the classes held in the week:

Following activities are generally held in the Tree Room:

- 1) Encourage students to read books in English.
- 2) Help students improve their English vocabulary in the form of games and activities.
- 3) Art and craft sessions related to what they are learning in school.
- 4) Videos on various topics to make their life more interesting.
- 5) Teaching songs depending on the theme. Indulging students in role plays based on the books they read or giving theme based topics.

Kurla School:

Sujaya Foundation's Kurla centre was started in 2012. The centre is based in the G.E.I's Primary School. The 'School support programme' was implemented here with 87 students from standards 1 to 4.

The programme especially focuses on teaching English and Math. Along with these subjects, extracurricular activities like singing, art, drama and dance are also conducted for the students. Many cultural events like Ganpati workshops, Diya painting, Independence Day, Annual day etc were held.

◆ Rural Program ◆

Aurangabad School:

Rural children lack access to quality education. Keeping this in mind we have started working with ZP School of Ranjangaon in Aurangabad with total 144 students. The students of this school are currently from the MIDC area. When we tested the English and Math skills of these children in the beginning of the academic year, we discovered that except for a few students, all were very poor in these subjects.

Knowledge on Wheels (Sangli):

This Project was started at Sangli on 4th July 2012.

We have a specially designed bus with about 30 computers installed that go around to 6 schools in Sangli on a weekly basis. We work in partnership with Suraj Foudnation and focus intensively on improving the English skills of students through our computer interactive program SEAL.

We have also arranged a Maths Workshop at Sangli for all Zilla Parishad Schools with the help of Sujaya Volunteers.

Sujaya English Active Learning (SEAL):

Sujaya English Active Learning Programme (SEAL) is an affordable learning tool that helps students from all backgrounds to access high quality educational tools (Crosswords, quiz, match the following) related to their syllabus even in the absence of a teacher. It also makes students computer friendly which helps them in the long term." SEAL is now expanding from 3 centres in Maharashtra (Mumbai, Sangli) to a total of about 10 centres including a few schools in Rajasthan and Karnataka. At present SEAL caters to approximately 880 Students.

English Immersion at Nana Chowk

Sujaya Foundation - Computer Class

English Immersion:

We have been conducting English Immersion Program for the past 10 years at Sujaya Foundation. The focus is on spoken English. The methodology followed is instructor led for half the day. The second half includes structured activities on computers and the iPod. All activities are focused on getting the student to speak in excellent English. If time permits and depending on the abilities of the group, the course also includes a section on grooming and professional etiquette. Voice & accent training is also provided.

One of the major components of the Immersion course is to have guests come in and interact with our students. This year 40 students have completed English Immersion successfully.

Computer Classes:

We provide computer classes for young adults and individuals attempting to improve their employability. We have also started computer classes for children. Children attending Municipal Schools and those from an underprivileged background often do not have access to computers and cannot match their private school counterparts' privileges in this aspect.

Starting young enables them to be at par with their private school counterparts especially with respect to Computer Skills. Each course is designed keeping in mind different age groups that attend our classes.

Every student is allotted one computer during class. We run our computer centre in the following locations:

- In Chembur with Hariharaputra Bhajan Samaj,
- In Parel for cancer patients with Indian Cancer Society,
- In Bandra with Bandra East Community Centre
- In Nanachowk, Grant road.
- In Tardeo : We run Computer classes in partnership with

Each One Teach One. The classes are based on their school syllabus for Tardeo Municipal school children during school hours. In addition to this, we also help the children with extracurricular activities.

Three of the computer centres are run with other organizations, where these organizations have provided space and equipments and Sujaya Foundation has arranged for the contents and qualified trainers. This year 537 Students have taken benefit from the Computer Classe.

Extra Curricular Activities at Sujaya Schools:

Educational Field Trip: Students are taken for a field trip at Bhau Daji Laud Museum in Mumbai & at Bibi ka Makbara at Aurangabad.

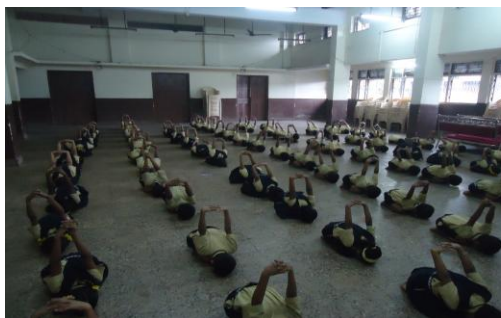

An 8 Week Drama workshop was organized with Theatre Professionals during July and August 2012

Health check up & Nutrition Program: We Provide Highly nutritious snacks like dates, dry fruits, etc. to school students to provide balanced nutrition.

A health camp is conducted once a year wherein all the students have a routine checkup. If a student has issue, he/she is further referred to a specialist for the same

Music: Music classes are conducted once a week at our Dadar School by Music Teacher Ms. Anita Billimoriya. Students enjoy the class and look forward to it.

Yoga: Yoga classes are conducted for our students once a week. It basically includes Asanas with Aum chanting. They are also taught Pranayamas which they do every morning for 10 minutes during our prayer session. It helps improve their concentration and boosts their energy levels.

Dance: Dance classes are conducted once a week. The students truly enjoy these sessions.

Staff Workshop on Team Building on 13th November 2012

Sujaya Volunteers conducted Maths Workshop at Sangli.

Sunday Classes: Sunday classes are offered to the students which include regular exam practice through activities like games, puzzles, English Grammar and vocabulary building, songs, etc.

Art and Craft: We conduct Art and craft sessions for School Students once a week.

English Immersion Classes: Special English Immersion classes were conducted in the Diwali break by Ms. Marion Valladares Smith, an expert with international teaching experience of over 25 years.

The Students of Sujaya Foundation have made us proud by bagging the first position in the Hindi Drama and 2nd Position in the Yoga Dance Fusion – an Inter NGO Dance & Skit Competition at NMIMS. This is an incredibly proud moment for us! CONGRATULATIONS!!

The schools celebrated "Grandparents Day" at the Kurla & Dadar Centre organized in the month of February 2013.

A sneak peek into what Grandparents Day was like at the Schools. Our students sang for their Grandparents expressing their love for them.

"Phoolon ka taro ka sabka kehna hai, ek hazaaron mein
aaji-azaba hai, saari umar hume sang rehna hai

Teaching is a form of nurturing

Sports: Sports sessions are held on Saturdays. This gives students an outlet to use their energy.

Education is not
preparation for
life; education is
life itself.

The ELP was launched in the year 2008. In this program, the differently-abled youth are trained in computer skills and given an opportunity to experience a work-like environment. This program has been conceptualized with the help of our corporate partners, where these organizations provide Sujaya Foundation with basic data entry jobs. Underprivileged Sujaya students, mentally and physically challenged youth (above 18 years of age) are provided an opportunity to perform these tasks. Income earned by the Foundation from our corporate partners is passed on to the beneficiaries. Sujaya Foundation takes care of all related expenses like rent of the premises, electricity, staff salary etc. Once they are up to the mark, Sujaya Foundation tries and places the students within the corporate sectors. Participating in the ELP takes them a step closer to financial independence.

Apart from economic independence, the trainees are exposed to extra-curricular activities. Activities like counseling, soft skills training, games and various competitions like cooking competition, dance program, and disability day celebrations etc are conducted to help them develop holistically.

Parents are also involved in the activities. This helps in creating awareness among parents about their child and their special abilities. Our encouragement has translated in two interns taking up their graduation.

So far, 11 trainees have been successfully placed in various corporates

We would like to thank HDFC Bank, Deutsche Bank, NSE and VFS for giving an opportunity to the differently abled to work at their offices.

We would also like to thank State Street Foundation, who have funded us to replicate this initiative in one more location in Bandra. This has helped us to reach a larger number of beneficiaries compared to last year.

In 2012-13, the ELP has trained 56 differently abled youth.

◆ Health Programs ◆

Medication Help:

We have started to help TB Patients in the year 2010 by providing Medications. These TB Patients are referred to us by Dr. Zarir Udwadia (Hinduja Hospital). Now we are helping total 14 TB Patients. 3 Patients were cured of TB in the year 2012. The expense for this project is on an average Rs. 48,500/- in a month.

Sujaya Foundation in News Paper:

Total Number of Students (April 2012 - March 2013)				
Sl. No.	Activities at Sujaya	Sujaya Centres	No of Students	Total
A)	Schools	Dadar	276	1270
		Kurla	85	
		Aurangabad	117	
		Tardeo	212	
		Sangli	580	
B)	English Immersion	Nana Chowk	40	40
C)	Computer Centres	Chembur	104	537
		BECC	348	
		ICS	30	
		Nana Chowk	55	
D)	Experiential Learning Program	Nana Chowk	56	56
		Bandra		
Total No. of Beneficiaries				1903

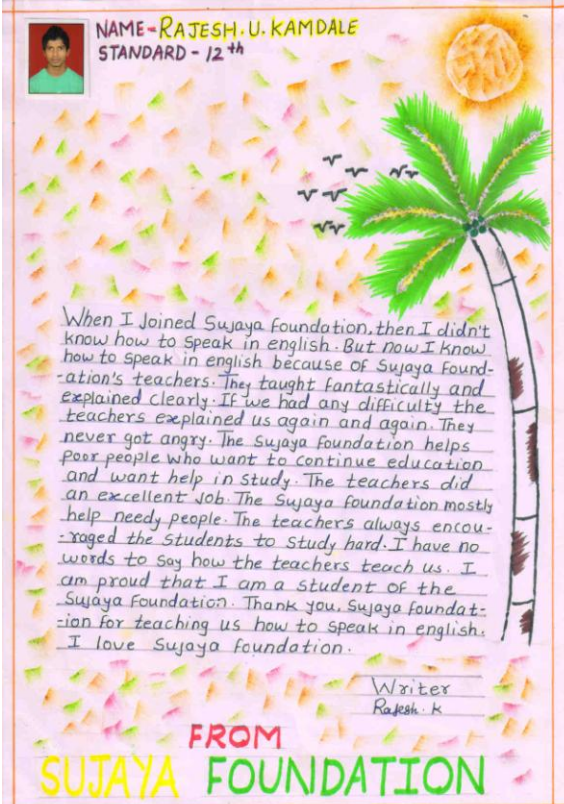

Achievements:

2 of Sujaya Foundation students were awarded the Maharashtra Government Scholarship during the year

- **Yash Mirashi ranked 19**
- **Neha Dhakinkar ranked 24**
- School admissions in the year 2012 - 13 have seen an increase of over 100 % from an average of 30 to over 60 admissions in the Nursery section, mostly on account of the Sujaya program.

Students Success Stories:

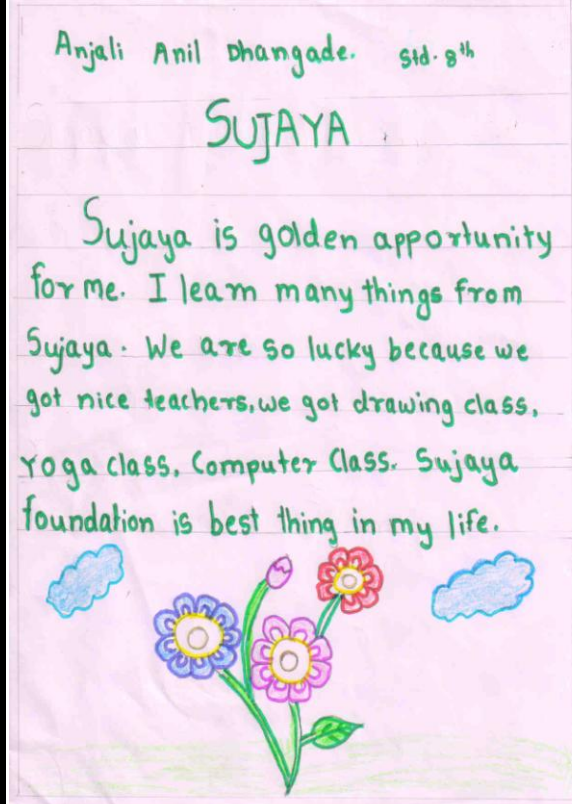

NAME - RAJESH U. KAMDALE
STANDARD - 12th

When I joined Sujaya foundation, then I didn't know how to speak in english. But now I know how to speak in english because of Sujaya foundation's teachers. They taught fantastically and explained clearly. If we had any difficulty the teachers explained us again and again. They never got angry. The Sujaya foundation helps poor people who want to continue education and want help in study. The teachers did an excellent job. The Sujaya foundation mostly help needy people. The teachers always encouraged the students to study hard. I have no words to say how the teachers teach us. I am proud that I am a student of the Sujaya Foundation. Thank you, Sujaya foundation for teaching us how to speak in english. I love Sujaya foundation.

SUJAYA FOUNDATION**

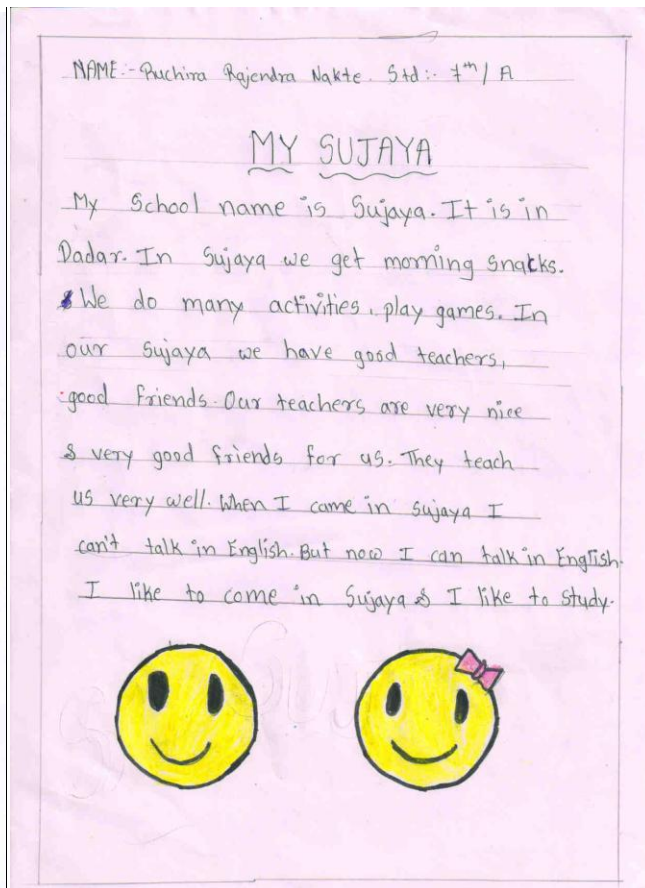

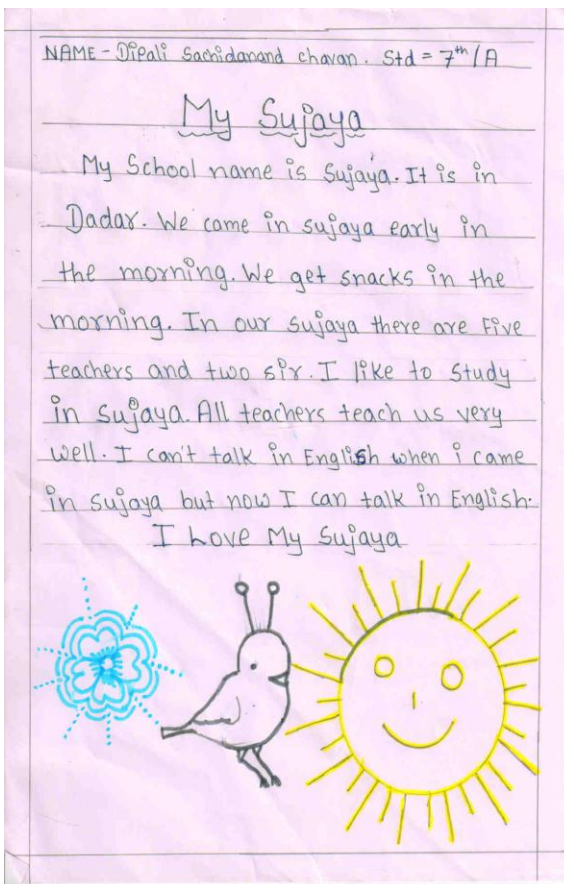

Anjali Anil Dhargade. std. 8th

SUJAYA

Sujaya is golden opportunity for me. I learn many things from Sujaya. We are so lucky because we got nice teachers, we got drawing class, Yoga class, Computer Class. Sujaya foundation is best thing in my life.

I Joined Sujaya Foundation from 4th Std, but I didn't know how to speak in English. Then I joined the English Immersion Class to speak in English and it has helped me to make correct sentences, conversation, etc. Now I am able to speak in better English. I am able to make sentences in Present tense, past tense & also future tense. Sujaya Foundation is the best platform to speak, to learn English.

Thank You Sujaya.
